

THE ARTIFICIAL TURF EDGING SOLUTION

Designed for EASY & QUICK Installation

- ***Saving time is saving money!***
- Complete your border installation in a **tenth of the time** it takes with traditional bender board
- No trenching or digging required
- No stakes to screw - simply use your nail spikes to fasten to base
- Open slot allows convenient tucking of rough cut edges for an attractive clean finish
- Hardscape ready: can be glued or nailed to concrete or asphalt
- Forms an ultra-strong border for pet turf installs
- Eco-friendly: Made from post-consumer recycled polyethylene
- Bonus feature: run your garden lighting wire through hollow rail

No Digging, No Trenching, No Stakes, No Hassles
